Community Reinvestment Act Notice

Under the federal Community Reinvestment Act (CRA), the Federal Deposit Insurance Corporation (FDIC) evaluates our record of helping to meet the credit needs of this community consistent with safe and sound operations. The FDIC also takes this record into account when deciding on certain applications submitted by us.

Your involvement is encouraged.

You are entitled to certain information about our operations and our performance under the CRA, including, for example, information about our branches, such as their location and services provided at them; the public section of our most recent CRA Performance Evaluation, prepared by the FDIC; and comments received from the public relating to our performance in helping to meet community credit needs, as well as our responses to those comments. You may review this information today.

At least 30 days before the beginning of each quarter, the FDIC publishes a nationwide list of the banks that are scheduled for CRA examination in that quarter. This list is available from the Regional Director, FDIC, 600 North Pearl Street Suite 700, Dallas, Texas 75201. You may send written comments about our performance in helping to meet community credit needs to J. Mark Riebe, Chairman of the Board, TexasBank, 4521 South Hulen Street, Ste. 200, Fort Worth, Texas, 76109, and the FDIC Regional Director. You may also submit comments electronically through the FDIC's Web site at www.fdic.gov/regulations/cra. Your letter, together with any response by us, will be considered by the FDIC in evaluating our CRA performance and may be made public.

You may ask to look at any comments received by the FDIC Regional Director. You may also request from the FDIC Regional Director an announcement of our applications covered by the CRA filed with the FDIC.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Satisfactory**.

An institution in this group has a satisfactory' record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

The Lending Test is rated Outstanding.

- The loan-to-deposit ratio is more than reasonable (considering seasonal variations and taking into account lending related activities) given the institution's size, financial condition, and assessment area credit needs.
- A majority of loans and other lending related activities are in the institution's assessment
- areas.
- The geographic distribution of loans reflects excellent dispersion throughout the assessment areas.
- The distribution of borrowers reflects given the demographics of the assessment areas.
- excellent penetration among individuals of different income levels (including low- and moderate-income) and businesses of different sizes.
- The bank did not receive any Community Reinvestment Act (CRA)-related complaints since the previous evaluation. Therefore, this factor did not affect the Lending Test rating.

The Community Development Test is rated Satisfactory.

The institution's community development performance demonstrates adequate responsiveness to community development needs in its assessment areas through community development loans, qualified investments, and community development services, as appropriate, considering the institution's capacity and the need and availability of such opportunities for community development in the institution's assessment areas.

DESCRIPTION OF INSTITUTION

TexasBank headquartered in Brownwood, Texas lies approximately 70 miles southeast of Abilene. Texas. Texas Banc Financial Corp, a one-bank holding company located in Fort Worth, Texas, wholly owns the bank TexasBank does not maintain any other affiliate or subsidiary relationships. The bank received an overall "Satisfactory" rating at the prior Federal Deposit Insurance Corporation (FDIC 1 evaluation dated July 20. 2020. using Intermediate Small Bank Examination procedures.

In January 2022, the bank merged with its previous affiliate through common ownership. Texas Bank Financial, Weatherford Texas. TexasBank operates 15 locations across Central Texas, the Dallas-Fort Worth metropolitan area, and. El Paso, which consists of 12 full-service branches, 2 limited-service offices, and 1 loan production office (I PO). Since the last evaluation, the bank acquired three full-service branch locations within the Dallas-Fort Worth metropolitan area, and opened one full-service branch in El Paso. Texas. Of the four branch locations, only the El Paso location operates in a low- or moderate-income census tract. TexasBank offers hours of operations typical for the area and industry.

Since the merger, the bank's primary business focus changed to residential lending, followed by commercial lending. This differs from the last evaluation, which showed commercial lending as the primary business focus. TexasBank provides commercial, consumer, home mortgage, and construction development loan products. The bank also offers a variety of deposit services including checking accounts, savings accounts, certificates of deposit, health savings accounts, and individual retirement accounts. Other service includes debit cards, deposit-taking automated teller machines (ATM), drive-thru facilities, telephone banking, online banking, and mobile banking.

As of the June 30. 2023, Consolidated Reports of Condition and Income, the bank reported total assets of approximately S2.1 million, total loans SI .6 million, and total deposits of SI .6 million. Since the prior evaluation and primarily due to the acquisition of Texas Bank Financial, total assets grew 269.9 percent, total loans increased by 3 19. 1 percent, and total deposits grew by 233.2 percent.

The following table illustrates the mix of outstanding loans as of June 30. 2023. which reflects a distribution supportive of the institution's primary business focus, residential lending.

TexasBank does not have any financial, legal, or other impediments that would limit the institution's ability to meet the credit needs of its assessment areas.

DESCRIPTION OF ASSESSMENT AREAS

TexasBank designated three assessment areas (AAI for CRA purposes: the Dallas-Fort Worth-Arlington Metropolitan Statistical Area (DFW MSA AA), the Fl Paso MSA AA. and the Texas Non-MSA AA. Since the previous evaluation, the bank expanded their designated AAs from strictly the Texas Non-MSA AA to include the DFW MSA AA and the El Paso MSA AA.

The combined AAs include 1.403 census tracts with the following income designations according to the 2020 U.S. Census data: 154 low-, 437 moderate-, 426 middle-, 367 upper-income, and 19 tracts with no designation. As noted above, since the previous evaluation and due to the acquisition, the bank expanded their designated AAs to include Dallas County, part of the Dallas-Plano-Irving Metropolitan Division (MD), and Johnson. Parker. Tarrant, and Wise Counties, part of the Fort Worth-Arlington-Grapevine MD. Since these counties are contiguous and part of the greater Dallas-Fort Worth-Arlington MSA. examiners combined them into one AA (DFW MSA AA) for analysis and presentation purposes. The bank also added El Paso County, part of the Fl Paso MSA due to the establishment of the new branch.

SCOPE OF EVALUATION

General Information

To assess performance examiners applied the Federal Financial Institutions Examination Council (FFIEC) Intermediate Small Bank CRA Examination Procedures, which include the Lending Test and Community Development Test. The appendices define each test's criteria. The evaluation period extends from July 20. 2020. to October 16. 2023. or the date of the last evaluation to the date of the current evaluation.

The following table present the loan, deposit, and branch data for each AA. As shown, the bank generated the majority of its lending in the DFW MSA AA. The Texas Non-MSA AA generated the second highest volume of loans, while retaining the highest percentage of offices. Therefore, examiners performed full-scope reviews in these areas. Consequently, given the limited volumes in the El Paso MSA AA. examiners performed a limited-scope analysis on this area. Examiners generally weighed performance for the AAs based on the lending percentages in the following table. Consequently, the DFW MSA AA received the most weight when arriving at conclusions.

Activities Reviewed

For the Lending Test. CRA Intermediate Small Bank procedures require examiners to determine the bank's major product lines from which to sample, and as an initial matter, examiners may select from among the same loan categories used for CRA Large Bank evaluations: home mortgage, small business, small farm, and consumer loans.

The following table shows the bank's 2022 lending activity by loan category, which reflects a generally consistent pattern with the lending emphasis at the last evaluation.

Loans Originated or Purchased				
Loan Category	**$(000s)**	**%**	**#**	**%**
Construction and Land Development	178,498	48.8	160	16.9
Secured by Farmland	0	0.0	0	0.0
Secured by 1-4 Family Residential Properties	24,135	6.6	74	7.6
Multi-Family (5 or morel Residential Properties	2,785	0.7	2	0.2
Commercial Real Estate Loans	87,067	23.8	79	8.2
Commercial and Industrial Loans	63,252	17.3	205	21.2
Agricultural Loans	1,130	0.3	73	7.5
Consumer Loans	5,657	1.6	356	36.7
Other Loans	3,203	0.9	16	1.7
Total Loans	367,727	100.0	969	100.0
Source: Bank Data 01/01/2022 - 12/31/2022				

Examiners determined that the bank's major product lines include commercial (commercial and industrial and commercial real estate) lending at 41.1 percent of the overall dollar volume, and home mortgage (secured by 1-4 family and multi-family residential) lending, which represents 7.3 percent. Of the other typically considered products, agricultural (secured by farmland and agricultural) lending represents 0.3 percent, and consumer loans account for 1.6 percent of overall lending by dollar volume. Consequently, examiners did not analyze small farm or consumer lending since conclusions regarding these products would not materially affect any conclusions or ratings.

Examiners considered not only the loan origination activity in determining the appropriate presentation and weighting of products, but also the volumes of lending found in reported data. As of 2022. the bank began reporting data pursuant to the Home Mortgage Disclosure Act (HMD A).

However, the loan originated or purchased table above does not capture a vast majority of the bank's HMDA lending, as loans sold into the secondary market do not remain on the bank's books. Consequently, reported data shows the 2022 HMDA Loan Application Registry (LAR) contains 1,792 originations and purchases.

Therefore, this evaluation includes a review of home mortgage loans reported on the bank's 2022 HMDA LAR. the only year in which the bank reported HMDA data. Accordingly, this evaluation considers all 1.792 HMDA loans totaling S409.X million originated or purchased in 2022. Examiners used the full universe of HMDA loans to arrive at conclusions for the assessment area concentration, while using those loans originated within the assessment areas to complete analysis under the geographic distribution and borrower profile criteria. HMDA aggregate data for 2022 provided the primary standard of comparison for home mortgage loans.

Further, from the universe of 2X4 commercial loans totaling SI 50.3 million originated in 2022, examiners selected a sample of 115 small business loans totaling S6.1 million to analyze the assessment area concentration criterion. From the 102 loans originated in the assessment areas, examiners used 96 of the loans, totaling S2.9 million, for the geographic distribution performance factor and for the borrower profile analysis. D&B data for 2022 provides a standard of comparison for the small business loans reviewed.

As a result, this evaluation includes analysis and presents conclusions for home mortgage and small business lending. Considering the volumes noted in the loan origination table as well as reported data, examiners placed significantly more weight on home mortgage lending when arriving at overall conclusions and ratings.

For the Community Development Test, this evaluation considers applicable current period activities, the bank's community development lending, investments, and services provided within the AAs and the broader statewide regional area. Current period activities involve those generated since the previous July 20. 2020. evaluation. The scope of this evaluation also considered all prior period qualified investments, those purchased prior to the evaluation and still outstanding as of this evaluation's date. Examiners use the book value as of the current evaluation date for all prior period investments.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

TexasBank demonstrated an outstanding record regarding Lending Test. Excellent geographic distribution and borrower profile performances primarily support this conclusion. A more than reasonable loan-to-deposit ratio further supports the overall rating.

Loan-to-Deposit Ratio

The loan-to-deposit (LTD) ratio is more than reasonable (considering seasonal variations and taking into account lending elated activities) given institution's size, financial condition, and assessment area credit needs. For the 14 quarters since the prior evaluation, the bank recorded a 95.7 percent average, net LTD ratio. The quarterly LTD ratios ranged from a low 59.5 percent on December 31, 2021, to a high of 97.5 percent on June 30. 2022. The average, net LTD ratio demonstrated an increase from 85.5 percent noted at prior evaluation, with no additional discernable trends noted.

The table below shows performance for the bank and the four similarly situated institutions based on comparable lending emphasis and asset size. As shown, the table below shows the bank's average, net LTD ratio of 95.7 percent exceeds three comparable institutions while trailing the final similarly situated institution.

Assessment Area Concentration

A majority of loans and other lending related activities are inside the institution's AAs. The majorities of home mortgage and small business loans originated inside the AAs support this conclusion. Examiners considered the bank's lending, office structure, and loan categories reviewed relative to the size of the combined AA when arriving at this conclusion.

The table below illustrates that the bank originated a majority of its home mortgage and small business loans within the designated AAs by both number and dollar volume.

Geographic Distribution

The geographic distribution of loans reflects excellent dispersion throughout the AAs for the institution as a whole. The DFW MSA AA and El Paso MSA AA demonstrated consistent performance with the overall conclusion, while the Texas Non-MSA AA demonstrated inconsistent performance, falling below the overall level. The most heavily weighted area, the DFW MSA AA. primarily supported the overall conclusion.

Examiners considered the loan product type reviewed relative to the available comparative data and any performance context issues. The analysis focused on the bank's loan number percentages in low- and moderate-income census tracts relative to the comparable data when arriving at conclusions. Please see the separate AA sections that follow for more detail about each individual AA.

Borrower Profile

The distribution of borrowers reflects, given the demographics of the AAs. excellent penetration among individuals of different income levels (including low- and moderate-income) and businesses of different sizes for the institution as a whole. The DFW MSA AA demonstrated consistent performance with the overall conclusion, while the Texas Non-MSA AA and El Paso MSA AA demonstrated inconsistent performance, falling below the overall level. The most heavily weighted area, the DFW MSA AA, primarily supported the overall conclusion.

Examiners considered the loan product type reviewed relative to the available comparative data and any performance context issues. Examiners focused on the bank's level of lending to low- and moderate-income borrowers and businesses with gross annual revues of SI million or less. Please see the separate AA sections that follow for more detail about each individual AA.

Response to Complaints

The institution did not receive any CRA-related complaints since the previous evaluation; therefore, this criterion did not affect the Lending Test rating.

COMMUNITY DEVELOPMENT TEST

The institution's community development performance demonstrates adequate responsiveness to community development needs in its AAs through community' development loans, qualified investments, and community development services, as appropriate, considering the institution's capacity' and the need and availability' of such opportunities for community development in the institution's AAs.

Community Development Loans

The table below shows that since the prior evaluation, the bank granted 19 community development loans totaling approximately' S91.9 million. This level equates to 4.4 percent of average total assets of approximately S2.1 billion and 5.7 percent of average net loans of approximately SI.6 billion since the last evaluation. These percentages reflect an increase over the 2.8 percent of average total assets and 3.8 percent of average total loans noted at the prior evaluation, where the bank originated 154 community development loans totaling $I 3.8 million.

Competition

DFW MSA AA contains a high level of competition from other chartered banks based on the area population with each of the 1,073 offices from the 146 institutions serving on average approximately 4,772 people. TexasBank ranks 39th in market share by capturing 0.2 percent of the area's deposit based on the June 30, 2023. FDIC Deposit Market Share Report. The top three institutions, with 318 branches in the area hold 61.0 percent of the deposits.

Community Contact

Examiners utilized an existing community' contact, from an economic development organization, knowledgeable of the area's business environment. The contact helped assess the area's current economic conditions, community credit needs, and potential opportunities for bank involvement. The contact indicated a strong overall economy and steady growth for Tarrant County despite the COVID-19 pandemic. The contact noted new business start-ups taking place; however, credit products for these new businesses pose opportunity for bank participation. In addition, the contact stated financial literacy courses for homebuyers and small business lending represent continued needs within the community'. The contact stated that local banks generally serve the credit needs of the community.

Credit and Community Development Needs and Opportunities

Considering information obtained from the community contact, bank management, and demographic and economic information, examiners determined the primary credit need of this AA includes small business loans. The area's recent federal disaster area designations suggest a high need for activities that revitalize or stabilize qualifying geographies. In addition, demographic data shows that 44.7 percent of the area's families reported low- or moderate-incomes suggesting a need for affordable housing as well as activities that benefit projects or organizations that provide community services targeted to these families.

COMMUNITY DEVELOPMENT TEST

The institution's community development performance in the El Paso MSA AA is consistent with the institution's community development performance overall.

APPENDICES

INTERMEDIATE SMALL BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment areas by considering the following criteria:

1) The bank's loan-to-deposit ratio, adjusted for seasonal variation, and. as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments,
2) The percentage of loans, and as appropriate, other lending-related activities located in the bank's assessment areas,
3) The geographic distribution of the bank's loans,
4) The bank's record of lending to and. as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes; and
5) The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment areas.

Community Development Test

The Community Development Test considers the following criteria:

1) The number and amount of community development loans:
2) The number and amount of qualified investment,
3) The extent to which the bank provides community development services; and
4) The bank's responsiveness through such activities to community development lending, investment, and service's needs.

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five-year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA: or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1.200 and 8.000 people, with an optimum size of 4.000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two which are linked by economic ties.

Community Development: For loans, investments, and services to quality as community development activities, their primary purpose must:

1) Support affordable housing for low- and moderate-income individuals:
2) Target community services toward low- and moderate-income individuals,
3) Promote economic development by financing small businesses or farms; or
4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Institution CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Institution CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own. rehabilitate, construct, manage, and sell real property. Also, it may make equity' or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development,
- Serving an investment area or target population,
- Providing development services:
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means,
- Not constituting an agency or instrumentality of the United States, of any stale or political subdivision of a state.

Community Development Loan: A loan that:

1) Has as its primary purpose community development; and
2) Except in the case of a wholesale or limited purpose institution:
   i. Has not been reported or collected by the institution or an affiliate for consideration in the institution's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
   ii. Benefits the institution's assessment area(s) or a broader statewide or regional area including the institution's assessment area(s).

Community Development Service: A service that:

1) Has as its primary purpose community development,
2) Is related to the provision of financial services; and
3) Has not been considered in the evaluation of the institution's retail banking services under §34s.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

1) An unemployment rate of at least 1.5 times the national average,
2) A poverty rate of 20 percent or more; or
3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into "male householder" (a family with a male householder and no wife present) or "female householder" (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g. geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g. innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area.

Performance under applicable tests is often analyzed using only quantitative factors (e.g. geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median. Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured though commuting.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as non-MSA): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and./or venture capital to small firms. Because money for venture or risk investments is difficult lor small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICS primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of $l million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, densify, and dispersion indicating the area's population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography. Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.
